Tim Waugh, guest clinician

Come and jump start your fall program with minimal advance preparation. Just read through the selections once or twice before the festival, and Tim will do the rest at the event. Our goal is to help your ringers improve their skills as individuals and as an ensemble. The event will culminate with a concert featuring Queen City Bronze and the mass group ringing the selected pieces.

**About Tim Waugh....** "A consummate and eclectic musician" ... words that a colleague recently used to describe Timothy Waugh. "Tim brings to the manuscript, podium, stage and classroom an energy and vitality that seems to ensure the success of performers of every age and ability."

He is well known for his work in musicality and rhythmic acuity incorporating techniques from Dalcroze and Orff in his series of workshops RHYTHMS TO RINGING.

Tim is also well known to members of the community of the American Guild of English Handbell Ringers, as a popular conductor, composer and clinician for many conferences and festivals for ringers and directors.
